

AgilePM[®] v3

Get certified to deliver real value, increase your earning power, and stand out.

Created by the Agile Business Consortium, AgilePM v3 provides you with the skills, tools, and knowledge to lead agile projects to success, no matter how complex or dynamic.

In partnership with APMG International, we ensure you receive top-tier accreditation and certification services, giving you the recognition you deserve for your expertise.

What Makes AgilePM v3 Different?

- **Deliver real value** - Focus on outcomes that matter, not just tasks. AgilePM v3 keeps you focused on delivering impact at every stage.
- **Master change management** - Stay flexible and lead confidently through change. AgilePM v3 equips you with tools that adapt as your project evolves.
- **Scale with confidence** - Easily manage large, complex projects without losing agility. AgilePM v3 is built to help you scale without sacrificing efficiency.
- **Collaborate seamlessly** - Whether in the office or remote, AgilePM v3 makes teamwork effortless by aligning your teams and ensuring clear communication.
- **Learn by doing** - Interactive simulations help you turn theory into practical skills, so you're prepared to face real-world challenges with confidence.
- **Grow your career** - Gain globally recognized credentials that increase your earning power and set you apart as the agile leader companies want.

Where Can I Find AgilePM v3 Training?
